

SELECTION CRITERIA for participants in the final workshop

The aim of the selection is to build a team of 8-10 people with different and complementary skills in order to face the project by enhancing the richness and diversity of knowledge.

Selection criteria:

1. Motivation for participating in the project.
2. Experience and aptitude for teamwork, critical thinking, creativity.
3. Type of expertise, mainly (but not exclusively) in the field of goldsmithing, which may range from art, craftsmanship, design, and new technologies.
